Special Flag-Raisings. Special flag-raising ceremonies marked the observance of the day in the schools of the District.

What the flag symbolizes today to the allied nations was the theme of Flag Day addresses throughout the Speakers pointed out that District. this was the first time that the Stars and Stripes floated over armed forces in Europe. The Government has asked its represntatives to arrange ceremonies in shippards and factories. The day will be one of inspiring

patriotism.

duct the exercises. The Potomac Woman's Relief Corps, auxiliary to the G. A. R., will be in charge of the services at the Metropolitan Methodist Church tonight. Congress-man Everett Sanders of Indiana will deliver the address. Congressman Thomas U. Sisson of Mississippi will talk on the history of the flag at the exercises which will be held under the auspices of the Washington Lodge of Elks at the board room in the District building.

Utilities Commission wishes to de-velop them, and there are indications oday that the commission will have to go into a wider range of investi-gation than the simple one of wheth-er automatics will improve and cheapen the service here. There is no good reason why the public stall not have light should be shed on all facts and all interests that are entangled in

this fight. Let the commission bring out, for instance, why the Bell company, with its millions of capital, has consistently fought automatic phones; why it has junked every automatic system in very city or town where it has bought out local companies, and let figures and facts show what is the difference in cost of operation, beddifference in cost of operation operation.

For years there has been a bitter fight between the Bell people and the Automatic Electric Company, of Chi-GROCERY, meat, and provi-cago, which owns the original pat-ents on automatics and which claims that it is able to supply this city with sions store; excellent business, all the equipment it needs without delay.

On the other hand, Washington people do not wish any injustice done a big corporation simply because it is big and is one of the huge monopolites of the world. It does not want to ask continuation of rates for a service that is losing money to its owners. Government officials are not concerned in the slightest about the respective corporation interests. They spective corporation interests are specifically speci specific corporation interests. The Postoffice Department, backed by Postmaster General Burleson, fully understands this inside fight and knows the enormous ramifications, personal and political, back of the whole thing. At the same time it has insisted without equivocation that automatic phones here will settle the local problem, and reased rates.

Patients at Georgetown University Patients at Georgetown University
Hospital were alarmed last night
when fire apparatus appeared in front
of the builling in response to an
alarm of fire. The blaze was in an
awning and was quickly extinguished.
The police believe a lighted eigarette
butt thrown from a window of the
hospital, caused the blaze.
